

**NEW MEXICO ENVIRONMENT DEPARTMENT**  
**Notice of Cancellation of Public Hearing**  
**New Mexico's Proposed Infrastructure Certification for**  
**the 2008 Ozone Revised National Ambient Air Quality Standard**

On May 27, 2018, the New Mexico Environment Department (NMED) announced an opportunity to comment on and/or request a public hearing on a proposed certification that New Mexico has an adequate, federally-approved State Implementation Plan (SIP) that addresses all elements of a Clean Air Act (CAA) Section 110(a)(2) infrastructure plan ("i-SIP"), as applicable to the 2008 ozone National Ambient Air Quality Standard (NAAQS). Specifically, this certification addresses CAA Section 110(a)(2)(D)(i)(I), which requires that New Mexico's SIP prohibit emissions that will significantly contribute to nonattainment of a NAAQS or interfere with maintenance of a NAAQS in a downwind state. The proposed certification does not adopt or amend any regulations; therefore, it is not subject to the mandatory public hearing requirement of NMSA 1978 Section 74-2-6, *Adoption of Regulations; Notice and Hearings*.

The 30-day comment period closed on June 27, 2018. No comments were received by the public, and no hearing was requested; therefore, the hearing has been cancelled.

Comments were received from the EPA, and have been addressed by NMED. All documents included in the New Mexico 2008 Ozone NAAQS Good Neighbor SIP Certification will be submitted to EPA to be included in the New Mexico SIP.

The final certification may be reviewed during regular business hours at the New Mexico Environment Department's Air Quality Bureau office, 525 Camino de los Marquez, Suite 1, Santa Fe, New Mexico, 87505-1816. A full text of NMED's Final Draft certification is also available on NMED's web site at <https://www.env.nm.gov/air-quality/proposed-regs/>, or by contacting Neal Butt at [neal.butt@state.nm.us](mailto:neal.butt@state.nm.us) or by phone at (505) 476-4317.
