# **NOTICE**

Lea Power Partners, LLC announces its application to the New Mexico Environment Department for an air quality permit for the modification of its combustion turbine generators at the Hobbs Generating Station. The expected date of application submittal to the Air Quality Bureau is July 18, 2018.

The exact location for the proposed facility known as, **Hobbs Generating Station**, is at 98 N. Twombly Lane Hobbs, NM 88240. The approximate location of this facility is 9 miles west of Hobbs in Lea County.

The proposed modification consists of an upgrade to both combustion turbine generators.

The estimated maximum quantities of any regulated air contaminants will be as follows in pound per hour (pph) and tons per year (tpy). These reported emissions could change slightly during the course of the Department's review:

Pollutant:	Pounds per hour	Tons per year
Total Suspended Particulates (TSP)	36.6 pph	97.9 tpy
$PM_{10}$	36.3 pph	96.6 tpy
PM <sub>2.5</sub>	35.9 pph	95.4 tpy
Sulfur Dioxide (SO <sub>2</sub> )	21.5 pph	53.4 tpy
Nitrogen Oxides (NO <sub>x</sub> )	50.5 pph	193.8 tpy
Carbon Monoxide (CO)	24.5 pph	286.4 tpy
Volatile Organic Compounds (VOC)	6.3 pph	97.9 tpy
Total sum of all Hazardous Air Pollutants (HAPs)	4.7 pph	3.5 tpy
Toxic Air Pollutant (TAP)	64.2 pph	281.3 tpy
Green House Gas Emissions as Total CO <sub>2</sub> e	n/a	1,989,930 tpy

The standard operating schedule of the facility will be 24 hours a day, 7 days a week, and a maximum of 52 weeks per year. The maximum operating schedule will be from 24 hours a day, 7 days a week, and a maximum of 52 weeks per year.

The owner of the facility is Lea Power Partners, LLC 98 N. Twombly Lane, Hobbs, NM 88240 and the operator of the facility is: CAMS (New Mexico), LLC 98 N. Twombly Lane, Hobbs, NM 88240.

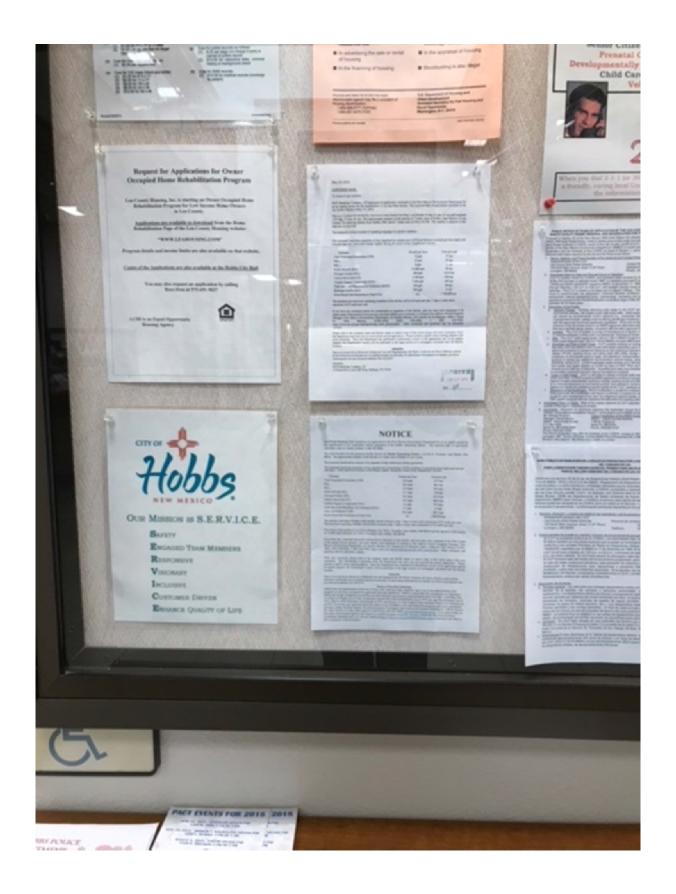

If you have any comments about the construction or operation of this facility, and you want your comments to be made as part of the permit review process, you must submit your comments in writing to this address: Permit Programs Manager; New Mexico Environment Department; Air Quality Bureau; 525 Camino de los Marquez, Suite 1; Santa Fe, New Mexico; 87505-1816; (505) 476-4300; 1 800 224-7009; <a href="https://www.env.nm.gov/aqb/permit/aqb">https://www.env.nm.gov/aqb/permit/aqb</a> draft permits.html. Other comments and questions may be submitted verbally.

With your comments, please refer to the company name and facility name, or send a copy of this notice along with your comments. This information is necessary since the Department may have not yet received the permit application. Please include a legible return mailing address. Once the Department has completed its preliminary review of the application and its air quality impacts, the Department's notice will be published in the legal section of a newspaper circulated near the facility location.

## **List of Entities Receiving the Certified Letters**

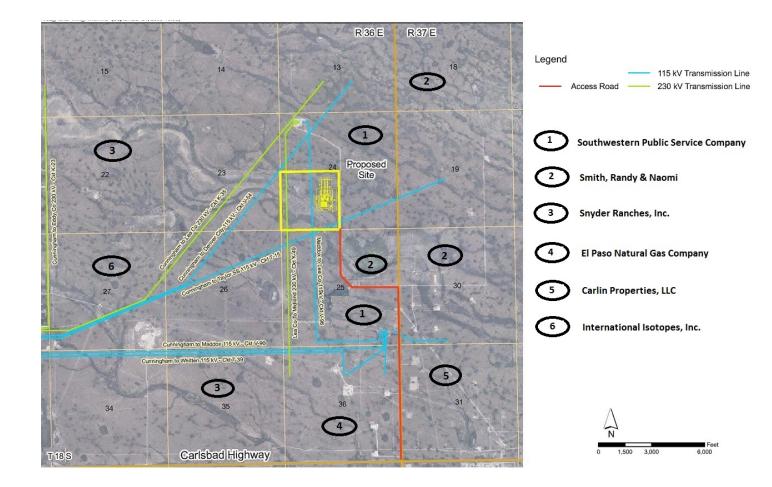

Hobbs Generating Station is located in Lea County, which is considered a Class B County, based on county population and assessed property value. Therefore, based on the NMED regulation 20.2.72.203(B)(1), public notifications consisting of a certified letter describing the permit application were sent to the property owners that are within one-half mile of the Hobbs property boundary.

Additionally, NMAC 20.2.72.203(B)(2) requires that notices be sent to all municipalities and counties in which the facility is or will be located and all municipalities, counties, and Indian tribes that are within a 10 mile radius from the boundary of the property on which the facility is or will be located. The list of all municipalities in Lea County was obtained from http://www.nmml.org/. Hobbs Generating Station is located 8 miles West of Hobbs, New Mexico, in Lea County and the distance from this Station to the borders of Lea County is more than 10 miles in all directions. Therefore, a public notification consisting of a certified letter describing the permit was sent to City of Hobbs (Ms. Ann Betzen - Risk Manager of City of Hobbs) and to Lea County (Mr. Mike Gallagher - Lea County Manager). No additional notifications were submitted as no Indian tribes are located within a 10 mile radius from the facility's property line. Table 9.1 summarizes the entities that received the certified letters.

The exact location for the proposed facility known as, Hobbs Generating Station, is at 98 N. Twombly Lane Hobbs, NM 88240. The approximate location of this facility is 9 miles west of Hobbs in Lea County.

The proposed modification consists of an upgrade to both combustion turbine generators.

The estimated maximum quantities of any regulated air contaminants will be as follows in pound per hour (pph) and tons per year (tpy). These reported emissions could change slightly during the course of the Department's review:

Pollutant:	Pounds per hour	Tons per year
Total Suspended Particulates (TSP)	36.6 pph	97.9 tpy
PM <sub>10</sub>	36.3 pph	96.6 tpy
PM <sub>2.5</sub>	35.9 pph	95.4 tpy
Sulfur Dioxide (SO <sub>2</sub> )	21.5 pph	53.4 tpy
Nitrogen Oxides (NO <sub>x</sub> )	50.5 pph	193.8 tpy
Carbon Monoxide (CO)	24.5 pph	286.4 tpy
Volatile Organic Compounds (VOC)	6.3 pph	97.9 tpy
Total sum of all Hazardous Air Pollutants (HAPs)	4.7 pph	3.5 tpy
Toxic Air Pollutant (TAP)	64.2 pph	281.3 tpy
Green House Gas Emissions as Total CO2e	n/a	1,989,930 tpy

The standard operating schedule of the facility will be 24 hours a day, 7 days a week, and a maximum of 52 weeks per year. The maximum operating schedule will be from 24 hours a day, 7 days a week, and a maximum of 52 weeks per year.

The owner of the facility is Lea Power Partners, LLC 98 N. Twombly Lane, Hobbs, NM 88240 and the operator of the facility is: CAMS (New Mexico), LLC 98 N. Twombly Lane, Hobbs, NM 88240.

If you have any comments about the construction or operation of this facility, and you want your comments to be made as part of the permit review process, you must submit your comments in writing to this address: Permit Programs Manager; New Mexico Environment Department; Air Quality Bureau; 525 Camino de los Marquez, Suite 1; Santa Fe, New Mexico; 87505-1816; (505) 476-4300; 1 800 224-7009; <a href="https://www.env.nm.gov/aqb/permit/aqb\_draft\_permits.html">https://www.env.nm.gov/aqb/permit/aqb\_draft\_permits.html</a>. Other comments and questions may be submitted verbally.

With your comments, please refer to the company name and facility name, or send a copy of this notice along with your comments. This information is necessary since the Department may have not yet received the permit application. Please include a legible return mailing address. Once the Department has completed its preliminary review of the application and its air quality impacts, the Department's notice will be published in the legal section of a newspaper circulated near the facility location.

#### Attención

Este es un aviso de la oficina de Calidad del Aire del Departamento del Medio Ambiente de Nuevo México, acerca de las emisiones producidas por un establecimiento en esta área. Si usted desea información en español, por favor comuníquese con esa oficina al teléfono 505-476-5557.

Sincerely.

David Baugh, Asset Manager, Lea Power Partners, LLC
