

LEGAL NOTICE

For

Air Quality Operating Permit
for Chaco Gas Plant of Enterprise Field Services, LLC

Enterprise Field Services, LLC at PO Box 4324; Houston, TX 772104324 has submitted an air quality operating permit application to the New Mexico Environment Department (NMED) for an air quality operating permit for its Chaco Gas Plant. The owner of this plant is Enterprise Field Services, LLC. The exact location of the facility is at latitude 36 deg, 29 min, 0 sec N, and longitude -108 deg, 7 min, 13 sec W, Datum: WGS84. To aid in locating this facility, the approximate location is 14 miles southwest of Bloomfield, New Mexico in San Juan County. This application file has been assigned an Operating Permit Number P116-R2M1 and TEMPO Agency Interest ID No. 1148.

Previously, the facility received an air quality construction permit and is in operation. The main purpose of the facility is to receive field natural gas, process the gas through removal of water, then extraction/separation of natural gas liquids (NGL) through a cryogenic process. NGL recovered are then treated to remove carbon dioxide and hydrogen sulfide. Recovered NGL is delivered to a pipeline for transport to fractionation facilities downstream.

This operating permit application is for a permit modification. Per 20.2.70.401.C.(4) NMAC, this permitting action involves the incorporation of revisions made to construction permit No. 1555-M6, summarized as follows: 1) Increase the allowable condensate throughput on tanks TK-28 and TK-29 from 187,172 barrels (7,861,224 gallons) per year to 240,000 barrels (10,080,000 gallons) per year; 2) Change the characterization of the "drip stabilization surge tank" in Condition A203.B. from "heated" to "unheated"; and 3) Add 10 tons per year (tpy) of volatile organic compounds (VOC) from malfunction events.

The emissions, as established in NSR Permit 1555-M6, and brought forward into this permit are as follows. Parentheses note changes in emissions from previous operating permit – P116-R2. Emissions are expressed in tons per year (tpy). Nitrogen Oxides (NO_x) at 2608.6 tpy (no change); Carbon Monoxide (CO) at 641.8 tpy (no change); Volatile Organic Compounds (VOC) at 336.9 tpy (+18.6); Sulfur Dioxide (SO₂) at 91.8 tpy (-1.5); Particulate Matter (PM) at 89.8 tpy (no change); Particulate Matter 10 microns or less (PM₁₀) at 50.9 tpy (no change), Particulate Matter 2.5 microns or less (PM_{2.5}) at 46.4 tpy (not change); and greenhouse gas (CO₂e) > 75,000 tpy.

The NMED has conducted a preliminary review of the information submitted with the permit application. This review included evaluation of the emission rates and applicable requirements to determine compliance.

The NMED has made a preliminary determination that this facility will comply with the requirements of Title 20, New Mexico Administrative Code (NMAC), Chapter 2, Parts 7, 38, 61, 70, 71, 72, 73, 74, 77, 79, and 82; 40 CFR 50; 40 CFR 60 Subparts A, GG, and KKK; 40 CFR 63 Subparts A, HH, ZZZZ, and DDDDD; and the New Mexico Air Quality Control Act. Therefore, the preliminary intent of NMED is to issue the air quality operating permit on or before March 1, 2019.

Interested persons may obtain the draft operating permit, submit written comments, or request a public hearing on Operating Permit Number P116-R2M1 by contacting Jim Nellessen at the New Mexico Environment Department, Air Quality Bureau, 525 Camino de los Marquez Suite 1, Santa Fe, NM 87505-1816.

Written requests for public hearing must state the nature of the issues proposed to be raised in the hearing. Comments must be based on the requirements of the applicable state and federal air quality regulations and the

Clean Air Act. Comments or hearing requests must be received within 30 days after the public notice is published.

The permit application, draft permit and relevant supporting materials are currently available for review at the Air Quality Bureau, 525 Camino de los Marquez Suite 1, Santa Fe, NM 87505-1816. The Department contact in Santa Fe is Jim Nellesen at 505-476-4315. Este es un aviso de la oficina de Calidad del Aire del Departamento del Medio Ambiente de Nuevo México, acerca de las emisiones producidas por un establecimiento en esta área. Si usted desea información en español, por favor comuníquese con esa oficina al teléfono 505-476-5557.

Notice of Non-Discrimination

NMED does not discriminate on the basis of race, color, national origin, disability, age or sex in the administration of its programs or activities, as required by applicable laws and regulations. NMED is responsible for coordination of compliance efforts and receipt of inquiries concerning non-discrimination requirements implemented by 40 C.F.R. Part 7, including Title VI of the Civil Rights Act of 1964, as amended; Section 504 of the Rehabilitation Act of 1973; the Age Discrimination Act of 1975, Title IX of the Education Amendments of 1972, and Section 13 of the Federal Water Pollution Control Act Amendments of 1972. If you have any questions about this notice or any of NMED's non-discrimination programs, policies or procedures, or if you believe that you have been discriminated against with respect to a NMED program or activity, you may contact: Kristine Yurdin, Non-Discrimination Coordinator, NMED, 1190 St. Francis Dr., Suite N4050, P.O. Box 5469, Santa Fe, NM 87502, (505) 827-2855, nd.coordinator@state.nm.us.
