Subject: [EXT] TR: Request for Extension of Time to Provide Informed Public Comments
Date: Monday, November 16, 2020 3:39:25 PM

Good afternoon, Jennifer,

Thank you for your presentation about the Triennial Review.

Concerned Citizens for Nuclear Safety (CCNS) requests an extension of time to provide informed public comments. Given the Governor's two-week stay at home order, it is essential for NMED to provide an extension of time. People are dealing with other issues right now. Please grant at least a two week extension of time. If, however, the stay at home order is extended, the comment period should resume following the lifting of the order. Thank you for your careful consideration of our request.

Best,

Joni
