The New Mexico Water Quality Control Commission (WQCC) will hold a public hearing on September 13, 2016 at the New Mexico State Capitol building in Santa Fe to consider a Petition filed by D&G Price Limited Partnership for alternative abatement standards under Subsection 20.6.2.4103(F) for the former Price's Valley Gold North Dairy ("PVGND"), located in Bernalillo, Sandoval County, New Mexico, on the east side of New Mexico Highway 528. The affected property is approximately 7.4 acres located north of Venada Arroyo and near the intersection of Spanish Bluff Street and Venada Plaza Drive as shown on the Venada Plaza Plat, Section 36, Township 13N, Range 3E.

The Petition proposes alternative abatement standards for nitrate, chloride, and total dissolved solids in the affected water-bearing zone of the Valley Fill Aquifer ("VFA"). The Petition includes proposed administrative controls to ensure that the VFA is not used as a potable water supply going forward. As one of the proposed administrative controls, the Petition contemplates that the New Mexico Environment Department will petition the New Mexico State Engineer to issue an Order under Subsection 19.27.5.13(A), prohibiting construction of wells in the affected water-bearing zone of the VFA. The New Mexico Environment Department has recommended that the Commission approve the Petition.

The public hearing will begin immediately following the Commission's regular business meeting, which starts at 9 a.m.

The Petition and the Department's recommendation may be obtained electronically or reviewed in person by contacting:
