

6/19/18

Rockhill Dairy LLC WQCC 17-08 (A)

Creekside Dairy LLC WQCC 17-07 (A)

State of NM Water Quality Control Commission,

We protest the Hearing Officer's order, these are the reasons why:

1. Erin Anderson was not a neutral party between me and NMED.
2. Erin Anderson has a social and personal relationship with NMED.
3. Erin Anderson prevented me from presenting the oral contract between NMED and myself.
4. Erin Anderson was deliberate in showing favoritism to Chris Atencio and NMED.
5. Erin Anderson is not an impartial party to the proceedings.
6. Erin Anderson was very rude to me and consistently interrupted me.
7. Erin Anderson never reached out to me to help with anything relevant to the proceedings.

For these reasons listed above Erin Anderson's Order should be struck. If the Commission cannot strike Erin Anderson's order then we wish that the Water Quality Control Commission please consider not charging Rockhill Dairy and Creekside Dairy the penalty that Erin Anderson recommended.

We will abide by any new final order made by the State of NM Water Quality Control Commission. Rockhill Dairy and Creekside Dairy are currently in compliance. We will continue to remain in compliance.

Thank you

Abel Villalpando
