RE: PRESENCE OF ASBESTOS CEMENT PIPING,

Dear System Representative:

The New Mexico Environment Department is requesting your assistance in determining whether any part of your drinking water system contains Asbestos Cement (“Transite™”) piping. Accurate and timely results for this survey are very important because this survey could affect the asbestos compliance sampling waivers, which are based, in part, upon the results of this survey. Failure to complete and return this survey will result in your system being required to collect asbestos samples.

Please fill out your system information and answer the following question and return this form to the Drinking Water Bureau in Clovis as soon as possible to the address listed below. If you have any questions, please feel free to call Tim Willy at (575) 762-3728.

System Name _____

System I.D. Number NM35 _____

System Address _____

City, State, Zip _____

Phone Number _____

Our drinking water system:

- Does contain Asbestos Cement Piping
- Does not contain Asbestos Cement Piping
- It is unknown if our drinking water system contains any Asbestos Cement piping.

“I certify under penalty of law that I am the person authorized to fill out this form, and the information contained herein is true, accurate and complete to the best of my knowledge and belief.”

Name and Title of the Person Who Completed the Survey

Signature of the Person Who Completed the Survey Date

Return to - Tim Willy, Waiver Coordinator, Drinking Water Bureau at:
