

Free MDWCA Board Training

Basic Board Responsibilities and Collaboration Workshop

Saturday, October 26, 2019

9am-1pm, 4 Credit Hours Offered

Cañones Community Center, Cañones NM

This workshop presents the many responsibilities attached to serving on a water system board. Board Members will learn the scope of these responsibilities, which range from fiscal responsibility and running a board meeting to environmental compliance, ethics, and familiarity with state and federal laws.

Topics include:

- Responsibilities of a water system board
- Overview of Laws and Regulations applicable to your water system
- Board Meetings
- Safe Drinking Water Act -overview for board members

Registration:

There is NO fee to attend these workshops, but please register in advance to attend by emailing Joe Valdez at jvaldez@rcac.org or by phone at (505) 290-1721, as space is limited. Questions? For questions on content, contact Melanie Delgado at 505-753-7256 x109
