Dr. Noskin stated that she would like to hold meetings in locations other than Santa Fe occasionally.

Mr. Ames stated that his concern is not with the adequacy of funding employee travel to Albuquerque for hearings. His concern is that holding all hearings in Albuquerque may leave any decisions open for Appeal.

Mr. Simpson stated the according to the regulations, hearings with statewide applications should be held in Santa Fe, New Mexico. Hearings that affect a certain area should be held in that area. As far as he knows, none of the decisions have been appealed.

The Board decided not to take any action at this time. They will continue to handle it case by case basis.

Item 4 – Discussion and setting of hearing on ALESCA Company’s appeal from the Environment Department’s decision on Air Quality Permit No. 2489.

Mr. Ames stated that the hearing is no longer needed. The Department withdrew permit No. 2489. The Air Quality Bureau did not have the authority to enforce Subpart EEE.
